Mr. David Gries
Office of Congressional Affairs
Central Intelligence Agency
Washington, DC 20505

Dear Mr. Gries:

The Office of Technology Assessment of the U.S. Congress is in the final stages of preparing its report "The Border War on Drugs."

One of the issues we are preparing for presentation involves the use of information collected by the traditional intelligence agencies by the Federal law enforcement agencies. Obviously, there are some fundamental issues here regarding the protection of intelligence sources and methods and the possible use of information in a prosecution. Since the intelligence agencies are disseminating some narcotics related information to law enforcement, some guidelines for the protection of that information must have been agreed to.

I would appreciate your assisting Betsy Keyes of the OTA staff in setting up a meeting to discuss how this matter has been resolved. Betsy can be reached at 226-2130.

Sincerely,

Peter Johnson
Project Director
